A Fated Street Car.

A strange superstition exists among the street car drivers of Indianapolis, Ind., regarding car No. 145, which for two years past has been running upon the Stock Yards line. A number of the drivers signed a petition to the management praying that the car be taken from the line and either destroyed or sent to some other place, as misfortune appears to attend every one who has any connection with it. Car No. 145 was turned out from the company's shops two years ago, but while giving it the finishing coat of varnish one of the employees fell from the top and received severe injuries. In putting the car upon the trucks another workman had his arm badly mashed. The car had been running but a few weeks when a dastardly murder was committed upon it, and the driver escaped the assassin's bullet only by throwing himself over the dashboard and escaping in the darkness. The murdered man was then robbed and the driver's cash box rifled. A few weeks later the same driver was forced to surrender his cash box to footpads. Soon after this another driver took the car, when he was attacked and badly injured in a fight with footpads, and but for the arrival of assistance might have been murdered. The next night he was robbed of his cash box by a sneak thief. With the strike last summer the unionist who took charge of 145 had a rough experience. Early in the night he was attacked and robbed of his cash box at a lonely place on the line, and toward midnight he was again attacked by the strikers and severely beaten. Another driver was called to take the car the next day, and that night three strikers boarded the car and refused to pay the fare. The driver tried to enforce payment and was badly used. The car was then given to another driver who less than two months afterwards was attacked late at night and so badly beaten that he died the next day, and the circumstances surrounding the tragedy are still a mystery. Shortly after this a Mrs. Benson, going home late at night on this car, was dangerously wounded by a shot from a drunken rough who fired into the car as it passed by a saloon in which he had been drinking. Numerous other robberies have been committed upon the car.

The capital stock of this company is \$625,000, divided into 625,000 shares of \$1 each.

The company is incorporated under the laws of West Virginia, and the stock is non-assessable, and carries with it no personal liability to the holder.

THE GOLD MINING COMPANY (location, Music Mountains, A. T.) is as sound a mining enterprise as was ever placed on the market, and its possibilities have never been exceeded. Every share should double in value within a year, and they may quadruple, as they are based on property that would ordinarily have been capitalized ten (10) times as great on account of its known richness and promise.

The shares are made small so that any one can invest. Subscriptions for five shares are as welcome as those for hundreds.

Every dollar of earnings will go to the stockholders in dividends, as there is nothing else that they can be used for.

A Wisewell mill, capacity 20 tons per day, with powerful machinery, has been purchased and will be on the ground ready for erection at the mine within the next thirty days.

The solid basis upon which the company is founded and the practical proofs of the richness of the mine have already secured the confidence of the public, and the stock has steadily advanced in selling value. Within the last few days bona fide sales have been made AT PAR.

There is no better stock on the market for a permanent investment. For full information in regard to this Mine apply to the

SUMMER GOODS.

If you are thinking of buying a Refrigerator, Water Cooler or Ice Cream Freezer, give us a call and examine the celebrated "RIDGWAY" FREEZERS AND REFRIGERATORS and "PHILADELPHIA" COOLERS before making a purchase. We have these goods in all sizes and at prices within the reach of all. These goods are superior to anything of the kind on the market. To mention one point in the many of these brands: the air in the refrigerator is not only cold, but perfectly dry. The machinery about the freezer, unlike that of any other make, is entirely protected, thus preventing it from being clogged with ice or from mashing your fingers. The Cooler is made of the best materials, on scientific principles. We sold a great many of these goods in this city the past season, and we can refer to any purchaser for a recommendation. Goods in stock now at E. J. MILLER & SON'S, 317 King street. FLOUR!
